1 // FILENAME: Program.cs
2 //
3 // WRITTEN BY: Tyler J. Millershaski
4 // DATE CREATED: 06 Sep 2026
5 //
6 // PART OF PROJECT: ChargeEm
7 //
8 // PROJECT PURPOSE:
9 //   The purpose of this project is to provide a simple and easy-to-use
    application for generating quotes for charging services. It allows users
    to input their service details and receive a quote based on the provided
    information.
10 //
11 // FILE PURPOSE:
12 //   The purpose of this file is to define the MainForm class, which
    represents the main user interface of the ChargeEm application. It
    contains event handlers for generating quotes and clearing input fields.
13 //
14 // COMPILATION NOTES:
15 //   This project compiled normally in Visual Studio 2022 with .NET 6.0
    SDK installed. It may require additional dependencies or configurations
    to compile successfully in other environments.
16 //
17 // LIBRARIES AND 3RD PARTY DEPENDENCIES:
18 //   Microsoft.NetCore.App (included with .NET 6.0 SDK)
19 //   Microsoft.WindowsDesktop.App (included with .NET 6.0 SDK)
20 //
21 // COMMAND LINE PARAMETER LIST (in Parameter Order):
22 //   (None)
23 //
24 // ENVIRONMENTAL RETURNS:
25 //   (Nothing)
26 //
27 // SAMPLE INVOCATION:
28 //   This project can be launched from Visual Studio 2022 or by running
    the compiled executable file directly. No command line parameters are
    required. (note that the name of the executable file may vary based on
    the project configuration and build settings beyond the scope of this
    file.)
29 //
30 // GLOBAL VARIABLE LIST (Alphabetically):
31 //   (None)
32 //
33 // MODIFICATION HISTORY:
34 // WHO          WHEN          WHAT
35 // Millershaski 06 Sep 2026    Initial Version
